RISING STAR
SECONDARY SCHOOL

Achieving Today. Leading Tomorrow.

INTRODUCTION

Rising Star Secondary School is an academic, pioneer and leading co-educational institution, established in 1979. It has glory of four decades in the educational field. During this time of its existence, RSS has done several prominent and precious works in schooling sector.

Promoted by renowned academicians, Rising Star Secondary School aims at developing students with the insight becoming future leaders.

With conducive ambience for learning and well equipped infrastructure, Rising Star Secondary School is the best place for quality education.

VISION

-to become a pioneer leading educational institution in the country by providing quality education.

MISSION

-to offer students an excellent educational ambience for the enhancement of their learning and enlightning minds.

CODE OF CONDUCT

Rising Star Secondary School is committed to the principle that the affairs of the school shall be conducted in an orderly fashion. Accordingly, RSS expects each student will abide by civil laws and school regulations. In order to be an effective citizen, every student has the responsibility to observe and maintain a code of personal behaviour and social relationships which will contribute to his or her own welfare, educational experience and to the total educational effectiveness of the school.

ADMISSION PROCEDURES

Generally, students are admitted in play group to grade VIII. Admission tests, both written and interview are conducted, and only successful candidates are admitted on merit basis. The following documents must be submitted at the time of admission.

- Mark sheet of the Final Examination
- Transfer Certificate / Character Certificate
- Birth Certificate
- Medical Certificate
- PP Size Photo (two copies)

TEACHING METHODOLOGY

Rising Star Secondary School adopts the most innovative teaching methodology which maximizes students' potentialities. Our methodology is different from that of other educational institutes.

Our stress is on the overall development of the individual. We believe that the old concepts of teaching methodologies are no more relevant in the current scenario because the technological changes and innovations are fast transforming the very basis of the concept of teaching methods. Today, what one will need is the skill to manage people. How effective one is in goals set for oneself, decides one's success as a leader. The syllabus is reviewed and analyzed periodically to be in sync with the latest developments.
