 Personalizing Education,
 Empowering Minds

Introduction

Rising Star School is a pioneering co-educational institution operating under the management of Rising & Company Kathmandu Private Limited (RCKPL), committed to delivering high-quality, competitive education grounded in strong moral and cultural values. Established in 2036 B.S. and located in the heart of Kathmandu, the school maintains continuity and consistency in educational excellence through the successful operation of Rising Star School/College and Rising Star Kindergarten Pre-School. Guided by the belief that every child is unique, the institution has adopted the Know Your Students Individually (KYSI) Model, a student-centered approach that promotes personalized learning by enabling educators to understand students' academic, emotional, social and cultural contexts. Supported by a rigorous curriculum, a dedicated faculty, modern infrastructure and ample co-curricular opportunities, Rising Star School remains steadfast in fostering holistic development and to achieve their full potential.

Vision:

To foster a dynamic and inclusive learning environment that delivers competitive, high-quality education aligned with global standards.

Mission:

To emerge as a leading educational institution in Nepal by consistently providing quality, competitive education grounded in cultural values.

Slogan:

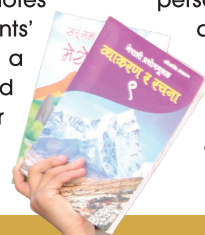

Achieving Today, Leading Tomorrow.

Motto:

Sanskar Sahitko Ati Aadhunik Sikshya:
“संस्कारसहितको अति आधुनिक शिक्षा”

Teaching Methodology

Rising Star School adopts modern, student-centered teaching methodologies that emphasize practical learning, creativity and holistic development alongside academic rigor. Moving beyond textbook-based instruction, the school integrates real-life skills, leadership, collaboration and adaptability into its continuously updated curriculum, enriched by technology and global perspectives. This approach aims not only to achieve academic excellence but also to nurture lifelong learners, responsible leaders and globally competent citizens.

KYSI Model

Personalizing Education, Empowering Minds

Rising Star School embraces learning as an engaging and purposeful process that respects students' diverse abilities, learning styles and cultural backgrounds. Guided by the Know Your Students Individually (KYSI) Model, the school adopts child-centered and innovative pedagogical practices to promote personalized learning and strong student-teacher relationships. Through an integrated curriculum aligned with Nepal's National Curriculum and enriched with leadership, critical thinking and global perspectives, the school prepares students to become competent, ethical and socially responsible global citizens.
